MANAGEMENT, REDACTION AND PUBLICITY

Sociedade Portuguesa de Reumatologia
Avenida de Berlim, N. 33b
1800-033 Lisboa
secretariado@spreumatologia.pt

Registry

Exempt of registration with the I.C.S. under the terms of paragraph A) of N. 1 of article 12. of Regulatory Decree no. 8/99, of 9 June.

Legal Deposit

86.955/95

Periodicity

Quarterly Publication
ISSN: 2795-4552

Journal referred in Index Medicus, Medline, Pubmed since January 2006.

Journal selected for coverage in Thomson Reuters products and custom information services.

This publication is indexed and abstracted since January 2007 in the following:

- Science Citation Index Expanded (also known as SciSearch®)
- Journal Citation Reports/Science Edition

The total or partial reproduction of articles and figures is prohibited without prior authorization from ARP Rheumatology.
Citations or transcriptions of small excerpts of text are excluded as long as the source is mentioned.

Sumário

MENSAGEM DE BOAS-VINDAS	7
COMISSÃO CIENTÍFICA E COMISSÃO ORGANIZADORA DO CONGRESSO	8
SESSÕES	9
SESSÃO I - Snapshots em Reumatologia / Instantâneos reumatológicos	
• Current therapeutic algorithm in polymyalgia rheumatica and giant cell arteritis	10
• Doença reumática inflamatória em idade pediátrica – o mesmo diagnóstico em idade adulta?	10
• Síndrome do túnel cárpico e amiloidose cardíaca por TTR	10
• Fibromialgia vs síndrome da fadiga crónica vs longo COVID: serão a mesma doença?	11
• COVID19 – doença e vacinação: origem e/ou agudização de um reumatismo inflamatório crónico?	11
SESSÃO II – ATUALIDADES NA ARTRITE REUMATOIDE	
• Artrite reumatoide difícil de tratar: conceito e manejo	11
• Na remissão clínica, a ecografia resolve as divergências de opinião entre médico e doente?	
• Estratégias de redução terapêutica e preditores de recidiva	12
SESSÃO III – HOT TOPICS NO LÚPUS ERITEMATOSO SISTÉMICO	
• Pode ser agrupado em 4 subtipos distintos?	12
• Hot Topics no Lúpus eritematoso sistémico: O T2T é já uma realidade na estratégia terapêutica	13
• Hidroxicloroquina: monitorização e duração do tratamento	13
SESSÃO IV – IMAGIOLOGIA NAS DOENÇAS REUMÁTICAS: NOVOS CONCEITOS	
• Oportunidades de despiste de osteoporose nas TC toracoabdominais e raquidianas	14
• Ressonância magnética cardíaca nas doenças reumáticas inflamatórias sistémicas	14
• A ecografia permite diferenciar as entesopatias degenerativas das inflamatórias?	14
SESSÃO V – ESPONDILARTRITE AXIAL EM 2023	
• Que instrumento(s) na avaliação da atividade de doença: BASDAI, ASDAS e/ou SADAS	15
• Progressão estrutural: avaliação e impacto dos diferentes mecanismos de ação terapêutica	15
• Na remissão, que estratégia de remissão terapêutica?	15
SESSÃO VI - SERÁ QUE JÁ CONSEGUIMOS PREVENIR O APARECIMENTO DAS DOENÇAS REUMÁTICAS INFLAMATÓRIAS CRÓNICAS?	
• Conseguiremos prevenir o aparecimento da artrite reumatoide ao tratar a pré-artrite reumatoide?	16
• A esclerose sistémica ao tratar doentes em fase pré-clínica?	17
• A artrite psoriática ao tratar mais efetivamente a psoríase cutânea ou em fases pré-clínicas?	17
COMUNICAÇÕES ORAIS	
• 010 - Immune responses to vaccination against herpes zoster in patients with rheumatic diseases under treatment with JAK-inhibitors: our preliminary results	10
• 049 - Axillary arteries ultrasound in the diagnosis of giant cell arteritis with predominantly cranial symptoms	21
• 067 - Reliability study of the SLE-DAS, SLEDAI-2K and PGA instruments for measuring SLE disease activity	21
• 075 - Can we predict the risk factors for switching in the first year of therapy with bDMARD in patients with rheumatoid arthritis?	22
• 079 - MicroSpA: gut microbiota and axial spondyloarthritis: the impact on anti-TNF therapy	23
• 082 - Does age at diagnosis of giant cell arteritis influence the clinical phenotype and outcomes?	24
• 115 - Maternal and perinatal outcomes in women with vasculitis - a 13-year experience from a Portuguese tertiary centre	27

Sumário

• 151 - A two-year comparison of quality of life between axial spondyloarthritis and non-axial spondyloarthritis chronic back pain patients in the SPondyloArthritis Caught Early (SPACE) Cohort	28
• 155 - Miopatia inflamatória vs. distrofia muscular: um caso de doença associada ao anticorpo antiPM/ScI-100	29
• 158 - Efficacy and safety of ultrasound-guided muscular biopsy in the diagnosis of idiopathic inflammatory myopathies	30
• 163 - Nintedanib efficacy in inflammatory rheumatic disease-associated interstitial lung diseases - a multicenter nationwide study	31
• 174 - Hipofosfatasia do adulto - uma causa rara de dor músculo-esquelética crónica	35
• 183 - Adiposity Trajectory in Childhood and Pain Experiences in Early Adolescence	36
• 203 - Comparison of clinical features, disease activity and safety between elderly and non-elderly patients with psoriatic arthritis treated with first biologic agent: a multicentric retrospective cohort study over two years	37
• 206 - Corticosteroid irrigation of parotid glands is an effective and well-tolerated treatment for oral dryness in patients with Sjögren's and non-Sjögren's sicca syndrome: a longitudinal study	38
• 207 - Subtratamento das Fraturas de Fragilidade da Extremidade Proximal do Fémur nos Cuidados de Saúde Primários: Perspectiva Nacional de 3 Anos	39
• 240 - Inflammatory polyarthralgia with very high titer of Rheumatoid Factor - is it Rheumatoid Arthritis?	40

POSTERS - TRABALHOS ORIGINAIS

• 003 - The Role of Immunosuppressive Therapy in Gastrointestinal Involvement and its Impact on Quality of Life in Patients with Systemic Sclerosis - a cohort study	46
• 005 - KL-6 and IL-18 levels are negatively correlated with respiratory function tests and ILD extent assessed on HRCT in patients with systemic sclerosis-related interstitial lung disease (SSc-ILD)	46
• 008 - Association between Nailfold Videocapillaroscopy findings and sKL-6 levels in patients with idiopathic inflammatory myopathies-related interstitial lung disease	48
• 009 - Pregnancy in connective tissue diseases: a 30 year follow-up study of 465 pregnancies from a spanish monocentric registry	50
• 011 - Non-infectious aortitis: Clinical and histological Correlation	51
• 012 - Nailfold capillaroscopy for prediction of novel severe organ involvement in systemic sclerosis	52
• 020 - Prevalence and clinical characteristics of late onset Axial Spondyloarthritis: results from a multicentre nationwide study	53
• 023 - Uveitis in juvenile idiopathic arthritis and the importance of the transitional care	55
• 024 - Gender differences in clinical manifestations of pediatric Behçet's syndrome: cross-sectional analysis in a portuguese cohort	56
• 026 - The importance of the transitional care in pediatric Behçet's syndrome: a retrospective series of 17 cases	57
• 031 - Pulmonary involvement in very early systemic sclerosis (VEDOSS): report from a single center	57
• 034 - Hierarchy of determinants of work impairment in spondyloarthritis: data from the Assessment of Spondyloarthritis international Society Health Index (ASAS-HI) international validation study	59
• 036 - Adverse events of Methotrexate used in Rheumatoid Arthritis in clinical practice: experience of single centre	61
• 039 - Synovitis, Acne, Pustulosis, Hyperostosis and Osteitis (SAPHO) syndrome: a portuguese case series	63
• 040 - Multicenter assessment of acro-osteolysis in Portuguese patients with Systemic Sclerosis	65
• 041 - TNF inhibitors and pregnancy: a retrospective multicentric study in spondylarthritis patients	66
• 042 - HLA-B51 and clinical manifestations in juvenile Behçet 's syndrome	66
• 043 - Preconception counseling impact in pregnancy outcomes in patients with spondylarthritis	67
• 045 - Spondyloarthropathy and pregnancy: a retrospective multicentric study	68
• 050 - Impact of comorbidity burden as scored using the Rheumatic Disease Comorbidity Index (RDICI) on response to treatment with the first bDMARD among psoriatic arthritis patients	69
• 054 - Maternal and perinatal outcomes in pregnant women with rheumatic diseases treated with biosimilar TNF inhibitors	71
• 055 - Pregnancy outcomes in systemic sclerosis: experience of a rheumatology-obstetric joint clinic	72
• 058 - CheckAP: Prevalence of Psoriatic Arthritis (PsA) and performance evaluation of the EARP Questionnaire in the population of Portuguese patients with Psoriasis followed in a Dermatology setting	74
• 061 - Axial psoriatic arthritis, data from Rheumatic Diseases Portuguese Registry: preliminary results	76
• 062 - Rheumatic manifestations and capillaroscopic changes of alkaptonuria	77
• 064 - Thrombocytopenia in Systemic Lupus Erythematosus - the therapeutic arsenal	79

Sumário

• 065 - Pregnancy outcomes in Systemic Lupus Erythematosus: a multicentric experience	80
• 066 - Fatores preditores para início de terapêutica biotecnológica em doentes com Artrite Psoriática	81
• 068 - Characterization of anxiety and depression and their impact on disease activity, fatigue and quality of life in spondylarthritis patients treated with anti-tumor necrosis factor alpha agents	82
• 069 - Prevalence of neuropathic pain and its association with clinical outcomes in patients with primary knee and hip osteoarthritis	84
• 070 - Anti-SSA Ro52 and anti-Ro60 autoantibodies: association with clinical phenotypes	85
• 071 - The real impact of age on psoriatic disease: a portuguese multicenter study	86
• 072 - What is the real impact of depression on clinical response to therapy in patients with psoriatic arthritis treated with biologic disease-modifying antirheumatic drugs?	88
• 073 - Lung involvement in rheumatoid arthritis: the current Portuguese portrait	89
• 074 - GIScaSpA - Study of subclinical gut involvement in axial spondyloarthritis	91
• 076 - Predictors of adverse fetal outcomes in Systemic Lupus Erythematosus	92
• 081 - Pregnancy in idiopathic inflammatory myopathies - a case series from a tertiary centre	93
• 084 - Nailfold capillaroscopic changes in patients with inflammatory myopathies	94
• 092 - Neutrophile to lymphocyte and platelet to lymphocyte ratios predict clinical response to bDMARD in naïve Spondyloarthritis patients	96
• 093 - Childhood bullying and musculoskeletal pain in adolescence: a prospective study of reported pain history and quantitative sensory testing	97
• 094 - Comparative effectiveness of combined Rheumatoid Arthritis therapies on physical function and biologic drug survival in patients starting their first bDMARD: Data from the Reuma.pt registry	98
• 095 - Can axial spondyloarthritis unequivocally be diagnosed by rheumatologists in patients with chronic back pain of less than two years duration? The primary outcome of the two-year SPondyloArthritis Caught Early (SPACE) cohort	99
• 096 - The yield of repeated assessments in chronic back pain patients suspected of early axial spondyloarthritis: two-year data from the SPondyloArthritis Caught Early (SPACE) cohort	102
• 099 - Manifestations and predictors of neurologic involvement in Behçet's disease: results from a monocentric study	104
• 105 - Manifestations and predictors of vascular involvement in Behçet's disease	105
• 107 - Children with extended oligoarticular and polyarticular juvenile idiopathic arthritis have alterations in B and T follicular cell subsets in peripheral blood and a cytokine profile sustaining B cell activation	107
• 109 - Multifactorial explanatory model of sleep disturbance in patients with rheumatoid arthritis: a structural equation approach	107
• 112 - Clinical characteristics and Burden of Portuguese Axial Spondyloarthritis Patients: results of the real-life PROOF study	110
• 113 - Systemic vasculitides in Portugal and Brazil: preliminary results from the Reuma.pt/vasculitis registry	113
• 114 - Hip involvement in axial spondylarthritis patients: comparisson between ankylosing spondylitis and non-radiographic axial spondylarthritis - a retrospective study	115
• 116 - The role of obesity in axial spondyloarthritis	116
• 119 - Lymphopenia fluctuation patterns determine the trajectory of the Disease in Sjogren's patients with hematological involvement	116
• 124 - Description of nailfold capillaroscopy changes in patients with systemic sclerosis at diagnosis	118
• 125 - Systemic sclerosis and pulmonary hypertension - a single-center case series	119
• 132 - Leflunomide is a safe and effective drug in patients with sjögren's syndrome with active systemic disease	120
• 134 - Predictors of atypical fractures: a retrospective analysis of a fracture liaison service	121
• 138 - Can microvascular damage severity be associated with global disease severity in patients with systemic sclerosis?	122
• 140 - Musculoskeletal manifestations of SARS-CoV-2 in pediatric population - a portuguese multicentric study	123
• 143 - Cancer in patients with systemic sclerosis - experience from a tertiary single centre	125
• 145 - Rheumatology nursing outpatient clinic in portugal	126
• 147 - A two-year comparison of back pain and morning stiffness in axial spondyloarthritis and non-axial spondyloarthritis chronic back pain patients in the SPondyloArthritis Caught Early (SPACE) Cohort	127
• 149 - Characterization of skin ulcers in Scleroderma patients: a retrospective cohort study	128
• 152 - Efficacy and safety of rituximab in refractory systemic lupus erythematosus	129
• 159 - Clinical characterization of patients with Sjögren's Disease registered in Reuma.pt: PORTRESS - the PORTuguese REgistry of Sjögren's Syndrome	130

Sumário

• 161 - Anti-citrullinated protein antibodies in Sjögren's syndrome define a subset of patients with lower B cell activation markers and higher risk of lung involvement	133
• 162 - Outcomes of a fracture liaison service - a single centre experience	135
• 167 - Cancer-associated myositis before and after the COVID-19 pandemic onset - a changing trend	139
• 169 - Dysregulation of circulating T follicular cells, but not clinical features, is associated with antiphospholipid antibodies positivity in patients with thrombotic primary antiphospholipid syndrome	140
• 170 - Cognitive dysfunction in fibromyalgia: prevalence, impact, and correlation with disease activity, severity, and other clinical manifestations - a case-control study	143
• 171 - Does denosumab contribute to functional recovery in hip fracture patients?	143
• 173 - Interstitial lung disease in a cohort of 200 patients with Idiopathic inflammatory myopathies	144
• 175 - Polymyalgia Rheumatica after COVID-19 vaccination: a global pharmacovigilance study using EudraVigilance database	146
• 176 - Cardiovascular disease in Psoriatic Arthritis: Is hyperuricemia an independent risk factor?	147
• 177 - Absence of Scleroderma Pattern in Nailfold Capillaroscopic: A Distinct Systemic Sclerosis Subset?	148
• 179 - What Is the Clinical Relevance of Rheumatoid Factor in Primary Sjögren's Syndrome?	150
• 181 - Negative life events increase perceived impact of disease in patients with rheumatoid arthritis: a conditional latent growth model approach	151
• 186 - Extractable Nuclear Antibodies in a Cohort of Undifferentiated Connective Tissue Disease Patients: Relevance and Clinical Implications	152
• 189 - Manifestações neurológicas na Artrite Reumatóide	154
• 191 - Baseline characteristics of patients with difficult-to-treat rheumatoid arthritis in a secondary centre	156
• 194 - Segurança, eficácia e persistência da terapêutica com rituximab em doentes com síndrome de Sjögren: estudo longitudinal multicêntrico	157
• 195 - Rheumatology and Dermatology Clinic for Psoriatic Arthritis: ten years of experience in a tertiary center	158
• 196 - Infection risk with Rituximab - the experience of a secondary rheumatology centre	159
• 202 - Treatment of inflammatory rheumatic disease-associated interstitial lung diseases with nintedanib - a multicenter nationwide study	163
• 208 - The link between Hyperuricemia and Psoriatic Arthritis: a distinct clinical profile?	166
• 210 - Linfoma não-Hodgkin como complicação da Síndrome de Sjögren Primária: uma série de casos de um Serviço de Reumatologia	167
• 211 - Macrophage Activation Syndrome - clinical features and treatment outcomes in SLE and AOSD patients	168
• 212 - Can idiopathic carpal tunnel syndrome be associated with cardiac amyloidosis in elderly patients? Results from CarPoS Study	169
• 213 - IgA nephropathy associated with Spondyloarthritis - clinical and immunopathological features of a Portuguese cohort	171
• 216 - Rheumatology and Pathology Multidisciplinary Clinic: innovation in rheumatic patients care through synovitis diagnostic precision	171
• 217 - Tratamento com abatacept nas doenças reumáticas inflamatórias: a experiência de um centro terciário	173
• 221 - Rheumatologists' and pulmonologists' attitudes and practices regarding rheumatoid arthritis-associated interstitial lung disease: national survey	174
• 222 - Lupus erythematosus-like syndrome induced by anti-TNF therapy in rheumatic diseases and inflammatory bowel disease: description of a follow-up cohort	175
• 223 - The association of cardiovascular comorbidities other than obesity on knee osteoarthritis' pain, function and overall quality of life - an epiurempt cohort analysis	177
• 224 - Fatores preditores de switch ao primeiro fármaco biotecnológico em doentes com artrite psoriática	178
• 228 - Cure by radiation: A retrospective case series assessing efficacy and Safety of radiosinovectomy	180
• 230 - Difficult-to-Treat Juvenile Idiopathic Arthritis: insights into a challenging patient population	181
• 231 - Doença intersticial pulmonar em doentes com esclerose sistémica e anticorpos anti-U1RNP: uma atualização da análise da coorte European Scleroderma Trials and Research (EUSTAR)	183
• 232 - Uso da vitamina K na população osteoporótica para prevenção de fraturas - Qual a evidência?	183
• 233 - Macrophage Activation Syndrome - a case series report from a tertiary centre	184
• 241 - Is JAK-STAT key to disease progression in early arthritis?	186
• 243 - Pleuroparenchymal fibroelastosis associated with inflammatory rheumatic diseases - experience from a single center	186
• 244 - Prompt start of disease-modifying treatment allows for high rates of remission in patients with early arthritis: added value of an early arthritis clinic	187

Sumário

- 246 - Osteoporosis treatment adherence 12-months in a Portuguese Fracture Liaison Service 188
- 248 - Ultrasound of the hand and wrist joints in Systemic Sclerosis: Ten years of follow-up - synovial involvement and relationship with disease features 189

POSTERS - CASOS CLÍNICOS

- 022 - Varicella zoster virus mimicking Giant Cell Arteritis: the importance of ultrasound in the differential diagnosis 192
- 029 - Antiphospholipid antibodies-associated diffuse alveolar hemorrhage 193
- 030 - Diagnostic dilemma - Vertebral fractures in a "bamboo spine": case report 193
- 035 - Systemic vasculitis exposed by a new (not so secret) agent 194
- 053 - Large Granular Lymphocytic Leukemia and Rheumatoid Arthritis: experience of a single center regarding three clinical cases 195
- 063 - Pathergy in disseminated gonococcal infection 196
- 078 - Lesões nas mãos e lábios secos em contexto de ansiedade ou algo mais? 197
- 080 - Artralgias mecânicas - um diagnóstico para além do óbvio 198
- 083 - "I can no longer hold my baby" - a case of pregnancy - and lactation-associated osteoporosis with vertebral fractures 199
- 085 - Chronic Synovitis due to Hypersensitivity Reaction to Cobalt after Total Knee Replacement: a Case Report 200
- 087 - Löfgren syndrome: a rare cause of erythema nodosum and arthritis in an adult male 200
- 088 - Venous subtype thoracic outlet syndrome: a rare cause of upper extremity oedema and pain 201
- 089 - Migratory arthralgia as an atypical presentation of whipple disease: a case report 201
- 090 - P-ANCA positive vasculitis induced by cocaine with septal destruction 202
- 091 - A chain of light events leading to a lethal outcome 203
- 101 - RS3PE. What else? 204
- 102 - Macrovasculopathy in Systemic Sclerosis - a less described vascular involvement 204
- 111 - Drug-induced systemic lupus erythematosus in psoriatic arthritis associated with secukinumab 205
- 117 - Uma causa surpreendente de metatarsalgias 206
- 118 - Systemic sclerosis- cold hands, not so warm heart- A case description 206
- 121 - Denosumab no tratamento de osteoporose secundária a Distrofia Muscular de Duchenne 207
- 122 - Artrite, Psoríase e HLA-B27 - Um diagnóstico inesperado 208
- 123 - Like walking on pebbles - a series of three cases of plantar fibromatosis 209
- 127 - Clinical case: Hepatitis B infection - when musculoskeletal symptoms are interpreted as Rheumatoid Arthritis 209
- 130 - Eye for sarcoidosis: a case report 210
- 131 - Raynaud phenomenon as an isolated manifestation of autoimmune/inflammatory syndrome induced by adjuvants (ASIA) 211
- 133 - Suspicious lymphadenopathies: a rare diagnosis among a myriad of possibilities 212
- 136 - It's more than lupus 212
- 139 - (Não só) uma poliartrite pós COVID-19 - um caso de síndrome antissintetase 213
- 146 - Lipoma arborescens - don't miss the diagnosis! 214
- 148 - Artrite Reumatoide - o desafio multidisciplinar 215
- 153 - Miopatia necrotizante imuno-mediada (MNIM) após infeção por SARS-CoV-2: a importância da deteção precoce 215
- 156 - A rare case of chronic inflammatory demyelinating polyneuropathy (CIDP) associated with active systemic lupus erythematosus (SLE): anifrolumab as a successful therapeutic asset 216
- 160 - Vasculite isolada da artéria hepática 217
- 164 - Paraneoplastic Raynaud's phenomenon: Case Report 218
- 166 - Life-threatening hypereosinophilic syndrome in a patient with rheumatoid arthritis: a case report 218
- 168 - Giant cell arteritis after radiation therapy: cause or coincidence? 219

Sumário

• 172 - Catastrophic Antiphospholipid Syndrome as the initial presentation of Systemic Lupus Erythematosus	220
• 178 - Alopecia areata - reação adversa rara dos inibidores do TNF-alfa tratada com tofacitinib	221
• 182 - Doença de Crohn - apresentação atípica e multifacetada.	222
• 185 - Exploring Nuclear Imaging Techniques in Chronic Recurrent Multifocal Osteomyelitis (CRMO): PET and Scintigraphy	222
• 190 - Polimorfismo da Sarcoidose e suas complicações	223
• 197 - Erasmus Syndrome: a Case Report of a Rare Association	223
• 198 - Sarcoid reaction induced by anti-TNF therapy	224
• 199 - Schnitzler's Syndrome: a case crossing medical specialties	225
• 201 - Dupilumab associated Achilles tendinopathy: a novel mechanism and adverse effect	225
• 204 - Eritema Multiforme - um importante diagnóstico diferencial na Reumatologia	226
• 214 - Digital ulcers and shortening of the second and third fingers in an elderly man	227
• 218 - Arthritis as the presenting manifestation of Childhood leukemia	228
• 219 - Paquidermodactilia: um diagnóstico a excluir	229
• 220 - A rare case of acanthosis nigricans associated with diffuse cutaneous systemic sclerosis	229
• 225 - Infecção por citomegalovírus em doente com Artrite Reumatoide sob Baricitinib	230
• 227 - Hipocalcemia grave secundária ao denosumab em doente com Doença Renal Crónica	231
• 229 - Meningococcemia em doente com Lupus Eritematoso Sistémico juvenil	232
• 234 - Splenomegaly as the initial presentation of sarcoidosis	234
• 235 - Mielite transversa longitudinalmente extensa num doente com Lupus Eritematoso Sistémico: eficácia do rituximab num caso de doença do espectro da Neuromielite Óptica	235
• 238 - Arterite de Takayasu - T2T: Caso clínico	234
• 242 - Inibidores de checkpoint imunitário como forma de mimetismo de Síndrome de Sjögren, a propósito de um caso clínico	235
• 250 - Paget disease of bone - a diagnostic challenge	235
• 251 - Envolvimento Extraglandular no Síndrome de Sjögren - Uma Série de Casos	236

IMAGENS EM REUMATOLOGIA

• 014 - Osteolysis of root joints: an atypical presentation of Psoriatic Arthritis	238
• 016 - Ocronose da cabeça do fémur em doente com alcaptonúria e coxartrose secundária	239
• 019 - Emptying the threat: remission of giant pulmonary aneurysms in Behçet's syndrome	239
• 021 - A rare presentation of punched-out lesions	240
• 025 - Hereditary Multiple Osteochondromas - when radiology meets genetics	240
• 038 - Gitelman Syndrome and Calcium Pyrophosphate Dihydrate Deposition Disease - an important association	241
• 047 - Beyond the skin: musculoskeletal manifestations of dystrophic epidermolysis bullosa disease	242
• 103 - Temporal swelling: Beyond Giant Cell Arteritis	242
• 104 - Linfoma folicular: uma causa inesperada de capsulite adesiva	243
• 105 - A not so uncommon fracture in a frequent disease	244
• 137 - Uma localização incomum de condrocalcinose	244
• 144 - Condromatose sinovial: uma causa rara de coxalgia	245
• 165 - Remarkable improvement of subcutaneous nodulosis in a rheumatoid arthritis' patient after switch to tofacitinib	245
• 187 - Fraturas de Looser-Milkman em doente com osteomálacia	246
• 200 - McCune-Albright Syndrome: when an image says more than 100 words	246
• 205 - Artrite séptica costovertebral com abscesso endocanal em doente com Artrite Reumatoide	247
• 209 - Psoríase pustulosa paradoxal induzida por Anti-TNF num doente com Espondilartrite Axial Não Radiográfica	248
• 215 - Osteonecrose avascular multifocal	248
• 245 - Linfoma Cutâneo de Grandes Células B "Leg Type" em doente com Artrite Reumatoide	249
• 247 - Disfagia Secundária a Osteofitose Cervical	250
• 249 - Sindesmofitose como causa de fratura vertebral intraoperatória	250
